

Dear Friends and Supporters:

We are writing to solicit your support for the future Dog Park in the Town of Mamakating Park. We have been approved for just under 2 acres for a fenced in dog park that will feature a small dog area (25lbs and under) and a large dog area (25lbs and over). The park will be a safe place for dogs to play in a fenced in environment while we humans get to gather with their neighbors and friends. Please support these fundraising efforts to make the park possible.
